www.stylander.com

## PROFILE

Stylander DesignGroup provides design and project management services. The company serves building owners, company owners, facilities departments, and other real estate management companies. Clients include local and multinational corporations from various market sectors, including financial services, hedge funds, private equity, insurance, real estate, professional services and technology. The company takes a creative leadership position in projects, manages project teams and provides design content. S DG systematically translates each client's unique needs and values into logical solutions that are meticulously realized in inspired and productive interior environments. With offices in Downtown Manhattan, Stylander DesignGroup was founded in 1992.
